

## SECABO SMART TRANSFER APP

Download on the  
App Store

GET IT ON  
Google Play

## AUTOMATICALLY OPENING

The press automatically  
opens after the set time  
has elapsed.

## REPLACEABLE BASIC ELEMENTS

Basic elements in four different  
sizes are optionally available.  
These are easy to swap.

## DIGITAL CONTROLLER

Duration and temperature  
can easily be adjusted and  
monitored using the digital  
controller.

## VARIABLE WORK PRESSURE

The work pressure is easy  
to adjust - in each case  
matching the transfer  
object and procedure.

## EXACT TEMPERATURE DISTRIBUTION

The high-quality heat plate ensures an  
exact temperature distribution over the  
entire heating surface.

# SECABO TCC SMART CAP PRESS

With the new cap press TCC SMART, Secabo gives way to innovation and consequently further improves performance in the finishing of baseball caps, hats and similar products. The controller of the TCC SMART is equipped with a Bluetooth interface that allows for controlling the press via the free Secabo SMART Transfer app, while also providing access to a comprehensive function database. This allows users to: Simply enter the type of fabric and the transfer material and immediately retrieve the matching combinations of temperature, time and pressure. Additional features, such as the calculation of heat-up times and warning functions, make the app a valuable assistant for all common heat transfer methods. The contact pressure of the new heat press for caps, Secabo TCC SMART, is set via a handwheel at the lower side of the easily replaceable base elements. A loaded cap is tightly fixed from below by means of a bracket.

The automatically opening TCC SMART features a large opening angle as well as a button for manual opening prior to the preset time running out. It is suitable for professional use of all common heat transfer methods, including flock and flex films, sublimation, transfer, Ink-Jet-Flex and more.

## TECHNICAL DATA

## TCC SMART

Working area size	15cm × 8cm
Max. folding angle	35°
Max. temperature	225°C.
Max. preset time	999s
Power supply	AC voltage 230V / 50Hz - 60Hz, 1.0kW
Environment	+5°C - +35°C / 30% - 70% relative humidity
Dimensions	24cm × 64cm × 53cm
Net weight	15 kg
Items included	Heat press, base element 7.6cm × 14.6cm, power cable

## BASE ELEMENTS FOR CAP PRESS TCC SMART

Base elements in various formats are available for the Secabo TCC SMART cap press. The elements can be swapped in just a few steps and allow for ideal and careful pressing of caps and hats – depending on the size and format of the transfer objects. Available formats: 7cm × 16.5cm, 7.6cm × 14.6cm, 10.2cm × 16.5cm, 10.2cm × 20.3cm.
